Description

Under Armor men's shorts. Shorts from the Project Rock collection are a must-have piece of clothing for all active athletes. Thanks to the classic cut, training shorts are suitable for every body type. The advantage is the smooth material on the top side and the soft material on the inside, which also warms you pleasantly.

Exercise shorts wick away sweat excellently and dry quickly. Sports shorts have an elastic waist that perfectly adapts to the figure. You can hide all the little things in the two side pockets. Under Armor branded shorts are ideal for training, work-out exercises and sports activities.
