Description

Adidas women's shoes. adidas Terrex hiking boots are among the popular and reliable models for outdoor adventures. Women's hiking boots are characterized by a light construction and functional features that will be appreciated by all hiking lovers. The modern design is a bonus. Trekking shoes have a durable upper with abrasion-resistant overlays in the toe and heel area. They have a classic cut that fits well on any woman's leg.

Adidas Terrex women's have classic lacing. The padded collar and soft insole ensure comfort at every step. Women's hiking boots also have an EVA midsole. You will definitely appreciate the cushioning and excellent traction provided by the adidas Traxion sole. Women's mountain boots are excellent on any surface. They are also made from recycled materials.
