### **Description**

Red Bull Spect ski goggles. Stylish ski goggles have a quality design. They are suitable as women's or men's ski goggles and you can easily use them as snowboard goggles. The glasses are lightweight thanks to the frameless construction. Red Bull glasses use F°SCAPE Anti-Fog technology and have the unique Red Bull SPECT ventilation system.

The stylish snowboard goggles have an adjustable strap with the brand logo. Thanks to the internal Red Bull silicone band, the glasses stay nicely in place and are compatible with most helmets and helmets. They also provide 100% protection against UVA and UVB sunlight.

A bonus of the Transxformer model is the patented carrying system with three different carrying bridge attachments (S, M, L). Choose the one that suits you best and you are sure that they will fit you like a glove. A simple click system allows quick and easy replacement.
