### Description

Equa brand bottle. The water bottle appeals with a minimalist design. At the bottom of the eco bottle is the brand logo. It closes with a screw cap. The healthy bottle is made of Tritan material, which is durable. The special material can withstand temperatures up to 100 degrees Celsius. It does not contain harmful substances or BPA. The Equa bottle is easy to wash.

The plastic bottle can be easily washed by hand after use thanks to the thick neck. It has a screw cap and a hand strap. The outer surface of the bottle consists of a soft silicone layer, and therefore such a bottle is not suitable for the dishwasher.

The plus of the bottle is the hand strap. It is also great as a water bottle for your children to school. It is the best choice for work, trips and sports.
