Description

Equa brand bottle. The Pixel bottle is from the limited edition Illusion. The bottle for water and other drinks has an interesting design. There are many small geometric shapes around the entire circumference of the bottle. At the bottom of the eco bottle is the brand logo. It closes with a practical screw cap.

The healthy bottle is made of durable Tritan material. The special material can withstand temperatures up to 100 degrees Celsius. It also does not contain harmful substances such as BPA. The Equa bottle is easy to wash. The outer surface of the bottle consists of a soft silicone layer, and therefore such a bottle is not suitable for the dishwasher.

The bottle has a versatile use. A bonus is the hand strap. It is also ideal as a water bottle for children going to school, but you can also have coffee and tea in it. It is a great choice for school, work, trips and sports.
