Description

Adidas women's shoes. The sneakers stand out with their extra comfortable cut. The mesh upper ensures the necessary ventilation and breathability. It adapts nicely to the foot and gives it support with a reinforced heel and three adidas stripes in the midfoot. White women's sneakers have soft padding around the collar of the shoe.

Branded sneakers have a classic cut and lacing. They were also made from recycled materials. Their advantage is the Cloudfoam midsole, which provides cushioning and makes you feel comfortable with every step. Sports boots for ladies have a rubber sole that adheres well to the surface. Their timeless look combines well with other sportswear. Stylish sneakers are suitable for everyday wear and leisure time.

Product details:
