**Ean number**

**Quantity**

**Suggested retail price:** 29.99 € s DPH

### Description

Mikasa brand ball. The synthetic leather volleyball has an extra soft surface that fits well in the hand. Its aerodynamic shape ensures excellent handling. It is suitable for training and recreational play. It consists of a two-layer butyl bladder, which is highly elastic and resistant to extreme conditions.

The volleyball has an 18 panel construction. Its design makes it highly visible. The Mikasa V350W volleyball will provide you with a perfectly round shape, maximum accuracy and excellent grip. The model is approved by the FIVB.
