Description

Volcano women's t-shirt. The stylish t-shirt will attract attention with a large gold print on the front, which fans of glamor style will definitely like. The gold print looks modern and is in line with current trends. You can wear a short-sleeved T-shirt with an elegant jacket or with a traditional cardigan. It goes well with skirts and women's trousers. So, despite the strong print in gold, the design is universal and helps to add expressiveness to the styling.

The T-shirt for ladies has a simple cut that fits perfectly on the figure. The classic cut is complemented by a slightly elongated back. Thanks to this, you effectively cover the back of your body. The trendy t-shirt is made of cotton with the addition of elastane. It is pleasant to the skin and helps ensure all-day comfort. A black t-shirt is great for shopping in the city, for meetings with friends and for free time.
