**Suggested retail price:** 9.99 € s DPH

### Description

Adidas football socks. The advantage of soccer cleats is the anatomically placed cushioning that supports and protects highly stressed areas. Football knee socks also have mesh parts that ensure air circulation. Blue soccer cleats have reinforced heel and toe.

Football socks use Aeroready technology, which absorbs moisture excellently. This will keep your feet dry even as you hone your skills to the max. The brand logo is located on the front. They are also made from recycled materials.
