Description

Women's bra brand 4F. The sports bra impresses with its refined cut. There is a cutout on the back of the training bra that looks interesting. With its constructions with cups, it shapes the bust nicely and is also a support during exercise. A sports bra allows for a high level of movement.

The training bra has 4F Dry technology, which ensures quick drying. Excellent air circulation is also a plus. Women's training bra will surely please all women who like to exercise and do sports. The 4F bra for ladies is a reliable choice for exercise, sports activities and active leisure time.
