Suggested retail price: 14.99 € s DPH

Description

Men's swimwear brand 4F. The beach shorts stand out with their distinctive color. They have a comfortable loose straight cut. They are made of light, stretchy fabric, so they are slightly flexible. They will provide you with comfort and complete freedom of movement during summer activities by the water or on land.

The swimming shorts have open pockets on the sides. One pocket with Velcro closure is also located in the back. The advantage of the red swimwear is the elastic waistband with drawstrings. The shorts have an inner mesh lining for extra coverage. They are quick-drying and perfect for being by the water.
