### Description

Men's pants brand 4F. Sports pants will please all men with their excellent functional properties. Training pants allow for excellent air ventilation. In addition, 4F Dry technology takes care of the quick drying of the material. Sports pants guarantee a wide range of movement.

The training pants have an elastic waist that adapts very well to the figure. The drawstring at the waist serves for an even better fit. There are also two side pockets for storing small items such as keys. Pants for men are pleasant to the touch and provide excellent wearing comfort. 4F pants are the best choice for training, sports activities and active leisure time.
