Description

Xiaomi smart watches. 25% larger and brighter 1.62" frameless AMOLED display with Always-On function.

The smart watch has the following functions:

- 120 sports modes
- dynamic dials
- measurement of heart rate and blood oxygenation SpO2 (now also continuous)
- waterproof up to 50m
- battery life up to 14 days
- magnetic charging

The smart watch provides measurement:

- sleep phases
- menstrual cycle
- stress including PAI score
- breathing exercises
- phone notifications including calls and many more

The bracelet does not yet have a Slovak currency. Slovak will soon appear in the form of an update. Mi Band 6 straps do not fit! You must choose bands specifically for the Band 7.
