Description

Xiaomi smart watch. Large 1.64" AMOLED curved display with a resolution of 280 x 456 px, beautiful colors and the Always-On function.

The Xiaomi smart watch has the following features:

- integrated GPS
- Galileo
- Glonass
- Beidou and QZSS - it is now possible to measure activities without being near a smartphone
- smooth operation of the system
- 120 sports modes
- dynamic watch faces (more than 110 to choose from)
- measurement of heart rate and blood oxygenation SpO2 (now also continuous)
- waterproof up to 50m
- battery life up to 12 days
- magnetic charging

The smart watch ensures the measurement of:

- sleep phases
- menstrual cycle
- stress including PAI scores
- breathing exercises
- notification from the phone, including a call, and much more

The watch has a specific fastening, so it is possible to use only spare straps specially for this model.
