Description

Under Armor bag. The branded bag attracts attention with its original design. The shoulder bag can be worn in three ways, as a crossbody bag, a backpack or a hip bag. The benefit of the shoulder bag is the waterproof UA Storm finish.

The shoulder bag has one main compartment with an internal layout. The front zip pocket is a plus. A bonus is the back pocket with RFID blocking to protect against theft. The crossbody bag has an easily adjustable strap. A small removable bag is attached to the strap, in which you can hide headphones, for example. The Under Armor pink bag is the right choice for casual wear, vacations and free time.
