

## Volleyball MIKASA-V300W

**Available sizes**

**Reference number**

**Ean number**

**Quantity**

**Suggested retail price:** 74.99 € s DPH

### Description

Mikasa brand ball. The synthetic leather volleyball has an aerodynamic shape and is ideal for club competitions. It consists of a two-layer butyl bladder, which is highly elastic and resistant to extreme conditions. Thanks to its surface with small holes, it will provide you with a perfect grip, a reduction in flight speed and excellent handling during the game.

The volleyball has an 18 panel construction. Thanks to its design, it is easily visible. The Mikasa V300W volleyball will provide you with a perfectly round shape, maximum accuracy and excellent grip. FIVB Approved model for international competitions.
