**Suggested retail price:** 9.99 € s DPH

### Description

Adidas soccer cleats. Brand pike are designed with an emphasis on functionality. A strong point is the absorption material Aeroready, which is a guarantee of support during a football match. A bonus is the ergonomic shaping for the right and left foot.

Football boots have a compression function in the area of the ankle and the arch, which helps reduce leg fatigue. The advantage of adidas socks are the mesh parts that guarantee a high level of air circulation. There is a flat seam in the toe area for comfort. Adidas soccer cleats are an ideal gift for soccer enthusiasts. Gray litter contains at least 40% recycled materials. This will ensure a cleaner environment and less plastic in nature.
