Description

Asics women's shoes. Women's running shoes in a cool colorful design, thanks to which you will attract attention at first glance. Asics running shoes have a breathable upper that provides excellent air ventilation. At the same time, it's soft and the cuffs fit like a sock. The support of the middle part of the foot will be provided by elements made of synthetic material in the shape of the Asics logo. You will also appreciate the lightweight construction of the running shoes, which provides support and helps improve running performance.

Running shoes have cushioning and cushioning guaranteed by Asics Flytefoam technology. Asics Guidesole technology features a curved design that helps save more energy by reducing ankle flex. Asics women's sneakers have a durable AHARPLUS™ rubber sole that guarantees reliable grip. If you want to be the star of a triathlon, marathon or other run, you will definitely shine in these Asics sneakers.
