**Description**

Crocs brand footwear. Crocs women's and men's sandals are made of the patented Croslite material, which is antibacterial. Built-in arch support and back strap ensure greater stability. Crocs sandals have massage points in the sole of the shoe that support blood circulation and improve blood circulation.

Crocs sandals have a perforated upper that allows excellent air circulation. Crocs are water resistant and dry quickly. Women's crocs or men's crocs have a light construction. The advantage of Crocs shoes is easy maintenance and cleaning. Blue crocs are ideal for vacations, water, the pool and the beach. Also suitable for casual wear in summer.
