Description

Adidas women's shoes. Women's sneakers will attract attention with their distinctive pink color. They have an extra breathable upper that will provide the necessary ventilation. In the middle part of the foot and on the heel, the women's boots are reinforced to provide support during running or training. The pink sneakers have classic laces. Women's boots are comfortable thanks to the padded collar and comfortable inner insole.

The brand's sneakers for ladies use a Cloudfoam midsole that absorbs shocks well. The extended heel makes it easier to put on and take off. Sports shoes for ladies have a rugged rubber sole that will provide the necessary grip and stability. Adidas sneakers for ladies will liven up your sports outfit and give you a twist. They are suitable for leisure, sports or everyday wear.
