**Description**

Men's tracksuits of the brand Under Armour. The brand's sweatpants in blue have contrasting details in the form of a white drawstring and the UA logo on the side. Trendy sweatpants are made of pleasant material with a high proportion of cotton, so they are comfortable to wear and to touch. The blue sweatpants have a combed interior, which will provide thermal comfort, especially on cold days.

Stylish sweatpants have an elastic waist with a drawstring. Thanks to the Moisture Transport System technology, they dry quickly and wick away sweat very well. They are therefore suitable for leisure and various activities. The comfortable sweatpants have a tapered cut and are finished with elastic jogger-style cuffs at the bottom.
