Description

Adidas brand socks. You can combine black socks with many outfits. The benefit of adidas socks is a reinforced arch. A plus is the cushioning along the entire length, including the heel and toe.

Branded socks are made of pleasant and soft material with a high proportion of cotton. Cotton socks provide super comfort when wearing. Socks for ladies and gentlemen are an excellent choice for everyday wear and active leisure time.

At least 70% of this product is a mix of recycled and renewable materials.
