Description

Adidas women's shoes. Women's boots are designed in a timeless yet still trendy style. The white sneakers have the characteristic three stripes in golden design on the side. Stylish sneakers are great for combining with different outfits and thanks to them you can always create great styling. They are ideal for jeans and skirts.

The upper part of the branded boots is made of synthetic leather, which is easy to clean and maintain. Trendy sneakers for ladies have a finely perforated tip for reliable air circulation. The soft insole and inner padding ensure all-day comfort. The rubber sole is durable and non-slip. adidas brand sneakers are the best companions for everyday wear, in the city and for leisure activities.
