### Description

Grisport brand women's shoes. The hiking boots are designed in a modern outdoor design. Trekking boots with classic lacing have a higher cut, which is a guarantee of excellent stability. The toe and heel of the women's trekking shoes are reinforced with additional material for a higher level of foot protection when tackling hiking trails.

A soft insole ensures comfort when wearing hiking shoes. The Gritex membrane ensures water resistance and at the same time provides natural breathability. The Vibram sole protects in any weather and on any surface. The Vibram sole is also suitable for demanding rocky terrain. Martana shoes are ideal for demanding hikes, trekking, camping and mountain trails.
