Description

Fila children's skates. Roller skates easily adapt to the child's growing feet while maintaining constant balance. In-line skates for children can be adjusted up to 4 sizes. They are adjustable even when the child is wearing them.

Children's roller skates appeal to trends in appearance. The best choice for small beginners.

When buying skates, we recommend buying [a spare brake](#) . The brake is worn out by braking and therefore needs to be replaced. Wear depends on skating style, braking and frequency of skate use. Brake types change and it is possible that new models differ in technical specifications from older models. New types of brakes may not fit older types of skates.

Product details:

- Chassis: composite, 2x2 wheels
- Wheel size: 74 mm, 76 mm
- Wheel hardness: 82A
- Bearings: ABEC 5
- Molded padding

Sizes:

- With: EU 29-30-31-32
- M: EU 32-33-34-35
- L: EU 35-36-37-38
- XL: EU 38-39-40-41
