Description

Men's hockey skates brand Sulov. Comfortable and durable skates have an anatomically shaped ankle. Comfort inside the skate is provided by high-quality combed nylon, even higher comfort is provided by the memory bandage. You will especially appreciate the plastic tip during sharp fights on the ice.

The skates have a stainless steel blade. They are intended for players of lower competitions, for recreational and performance sports.

Product details:

- anatomically shaped ankle, bandage with memory
- durable plastic tip
- stainless steel knife with TÜV certification
