Description

Arena swimming goggles. The glasses are intended for active and recreational swimming. Sports glasses have polycarbonate lenses with UV protection and anti-fog protection with peripheral vision. The silicone band can be easily and quickly adjusted using the side clips. Arena glasses have an anti-allergenic neoprene seal. Another benefit is the adjustable nose bridge with neoprene for greater comfort.

The glasses are decorated with the logo of the Arena brand. The swimming goggles are in a black version, which is among the favorites. Branded goggles are an excellent aid for swimming. They are suitable for all face types. The Arena brand is known all over the world, thanks to its quality, satisfaction and style. It's a must-have piece that you shouldn't miss either.
