Suggested retail price: 109.99 € s DPH

Description

Junior skates of the brand Fila Skates. 4-wheel skates are light and comfortable thanks to the padded shoe, easy to control. They have an adjustable size, an aluminum frame and an injected PU brake. They fasten with laces, a Velcro strap and a buckle.

When buying skates, we recommend buying [a spare brake](#). The brake is worn out by braking and therefore needs to be replaced. Wear depends on skating style, braking and frequency of skate use. Brake types change and it is possible that new models differ in technical specifications from older models. New types of brakes may not fit older types of skates.
