### Description

Junior skates of the brand Fila Skates. 4-wheel skates are light and comfortable thanks to the padded shoe. Quad skates for juniors are easy to control. They have adjustable size, aluminum frame and PU brake. They fasten with laces, a Velcro strap and a buckle.

You will have a lot of fun with Fila roller skates. They are also a great type of gift.

When buying skates, we recommend buying [a spare brake](#) . The brake is worn out by braking and therefore needs to be replaced. Wear depends on skating style, braking and frequency of skate use. Brake types change and it is possible that new models differ in technical specifications from older models. New types of brakes may not fit older types of skates.
