Description

Girl's dress from the JANA POLAK **limited collection** . A comfortable **knitted dress** in a combination of bright colors describes the signature of the fashion designer. The three-piece dress is deliberately casual in the waist area, as opposed to the "swishy" wrap-around sleeves.

Small pockets on clothes are a practical and smart idea. You can **combine leggings or tights** of different colors with the dress. In this way, **they can be used all year round** .

These stylish dresses are intended for all pretty girls :) They are an ideal choice for kindergarten, school and casual wear.

The dress was designed and **made in Slovakia** .
