Description

Girl's dress from the JANA POLAK **limited collection** . A comfortable **knitted dress** in a nice color describes the signature of the fashion designer. The cut of the dress is deliberately casual in the waist area, in contrast to the "swishy" wrap-around sleeves.

Refined frills underline the originality of the dress . If you add leggings or tights to children's dresses, girls can wear them **all year round** .

These stylish dresses are intended for all pretty girls :) They are an ideal choice for kindergarten, school and casual wear.

The dress was designed and **made in Slovakia** .
