Description

Moon Boot women's shoes. Winter snowshoes inspired by the legendary Apollo expedition to the moon. They are made of very light materials, are waterproof and warm up to -35°C. Thanks to the lined foam inside, the winter boots provide maximum comfort. Women's boots have a textile lining and a durable rubber sole with an anti-slip pattern. Branded snowshoes are ideal for everyday wear in the city, in nature and on the slopes.

On the snow as on the moon: MOON BOOT NYLON classic boots for the slopes. This line of winter padded boots stands out thanks to the typical and laces that contribute to the uniqueness of the model's design. They are ultra-durable snow boots for ladies. Moon boots ensure strength and stability thanks to the technical materials used in their production. The Moon boot has style and is considered an icon of the 20th century. Our most popular winter shoes.

The manufacturer does not recommend the use of impregnations, which may damage the surface material.
