Suggested retail price: 44.99 € s DPH

Description

Bollé ski goggles. The Freeze model has a wide field of view and a double-layer lens that prevents fogging on its surface. You will also appreciate the Flow-tech ventilation and the P80+ antifog layer that repels moisture. The CARBO-GLAS® layer on the outer surface of the lens prevents it from being scratched.

The glasses have a two-layer face foam for greater comfort. Glasses with a white frame and a black strap have a stylish sporty design.
