Description

Men's footwear brand Merrell. You won't want to miss hot summer days spent in nature and around the river. Light, breathable, quick-drying trekking shoes adhere well even to wet terrain. They protect the feet from dirt. The Choprok model in black is designed for tackling even demanding hiking trails.

Hiking shoes are an ideal choice for outdoor activities and active leisure time.

Product Details:

- quick-drying upper in a combination of synthetics and breathable Mesh material
- thanks to the integrated lacing, the shoe holds perfectly on the foot
- integrated shaped tip for greater durability and safety
- Hyperlock™ molded TPU reinforcement for a secure heel fit
- Hydramorph™ drainage channels and holes in the midsole for quick water drainage and excellent breathability
- Kinetic Fit™ Base removable molded insole, designed like the foot, with flexible support for natural footing, helps prevent fatigue
- compression molded EVA midsole for greater stability and comfort
- Vibram® Mega Grip sole for excellent grip and traction in dry and wet environments
- sole pattern depth 5 mm

Material:

- upper: synthetic material
- interior: textile material
- sole: Vibram
