Description

Merrell men's shoes. Breathable trekking shoes made of quick-drying materials and Vibram soles have great traction. The Waterpro model in black color will comfortably accompany you on all your adventurous journeys.

Hiking boots are a great choice for outdoor activities and active free time spent in nature.

Product details:

- quick-drying upper made of synthetics and Mesh material
- thanks to the integrated lacing, the shoe holds perfectly on the foot
- increased toe protection from synthetic leather
- Kinetic Fit™ Base removable shaped insole made of fast materials, constructed like the foot, with flexible support for natural footing, helps prevent fatigue
- compression molded EVA midsole for greater stability and comfort
- depth of sole pattern 3.5 mm
- Vibram TC5 + sole with special anti-slip treatment with fine grooves

Material:

- upper: synthetic material
- interior: textile material
- sole: Vibram
