Description

Junior league girls' sandals. The Trosa II model in pink has a nice design. The tip of the shoe is reinforced with rubber material for better protection of the toes. Individual straps are lined with soft material. The back strap is adjustable with Velcro.

Children's sandals provide maximum air ventilation. They are easy to put on and take off. They have an elastic cord in the instep area that can be easily adjusted. Sandals for children are an excellent choice for leisure and casual wear in the summer. Also ideal as slippers for kindergarten and school.

Material:

- upper: synthetic material
- inside: textile
- sole: rubber
