Description

Cycling helmet of the brand RH+, which has a very low weight. Excellent ventilation is a matter of course. The Power Fit 2 clamping system is reliable. The removable anti-allergenic Stratosoft insole made of 3D rh+ Fire Dry material ensures quick sweat drainage.

The RH+ Z2in1 model in black and white is suitable for off-road cycling. If you remove the removable shield, the helmet is also suitable for road riding. There are also reflective elements.
