### Description

A set of in-line protectors from the brand Fila. Complete set of protectors Fila JR Girl FP Gears for roller skating. The set of protectors for children in black and gray design includes knee protectors, elbow protectors and wrist protectors.

Each protector is equipped on the outside with a special impact surface made of extremely durable material. The inner part of the protector is lined with soft and breathable padding, ensuring comfortable feelings during driving. Perfect fastening of the protector is always ensured by a set of two flexible fastening straps with Velcro fasteners. Due to its size and ergonomics, the set of these protectors is fully adapted to the requirements of your body.

### Product details:

- impact surface made of extremely durable material
