### Description

Men's jacket by Northfinder brand. The Northcover multifunctional windbreaker for adverse weather will protect you from rain and wind. The jacket for men is waterproof, breathable and light. It has two front pockets, a pocket for a smartphone, payment card and keys. In an outdoor jacket, thanks to the reflective elements, you will be well visible even in poor lighting conditions.

The windbreaker for men can be easily packed, creating a bag with dimensions of only 220 x 100 mm and a weight of 210 g (size L). The functional windbreaker has a practical hood that protects against cold and wind. The dark blue windbreaker has universal use. The functional jacket is ideal for hiking, cycling, running, outdoor and leisure activities.
