### Description

Adidas women's shoes. adidas EQT Support ADV W boots inspired by the appearance of running shoes in a modern sports design. The breathable, elastic mesh upper wraps around the leg like a sock.

Enjoy comfort and performance thanks to the OrthoLite® insole. The white color of the boots is complemented by a purple detail in the heel area. Boots perfectly complement various sports and leisure outfits. They are suitable for casual wear and leisure time spent in nature or in the city.
