Description

Women's roller skates by Fila skates. Legacy inline skates attract attention with a trendy, sporty look. Purple skates with black elements will please all women who love skating. In-line skates have an aluminum frame with 80 mm wheels.

Inline skates for ladies, despite their low weight, provide a high level of support. Fila Air flow technology ensures excellent air circulation. The shaped inner shoe of skates for women will ensure comfort while skating. The skates are fastened with laces, a Velcro strap and a plastic strap that can be tightened as needed. Black-purple roller skates are an ideal choice for inline skating enthusiasts.

When buying skates, we recommend buying [spare brake /span>](#). The brake is worn out by braking, and therefore it is necessary to replace it. Wear depends on skating style, braking and frequency of skate use. Brake types change and it is possible that new models differ in technical specification from older models. New types of brakes may not fit older types of skates.

Product Details:
