Description

Trezeta children's shoes. Twister hiking boots are a combination of stability and foot protection. Trekking shoes for children surprise with excellent functionality. Thanks to the mesh material, the upper part of the hiking shoes guarantees excellent breathability. The soft insole and inner padding ensure comfort when tackling hiking trails. The padded collar and tongue of the trekking shoes also contribute to comfort.

Outdoor shoes for children have a reinforced toe and heel for a higher level of protection for children's feet. The Trezeta® Waterstopper membrane ensures dryness in trekking shoes. The membrane is an effective barrier and a guarantee of waterproofness. The midsole made of EVA material takes care of shock absorption. Trekking shoes for children are ideal for hiking, walking in nature and trekking.
