**Suggested retail price:** 149.99 € s DPH

### Description

Kayland women's shoes. The Taiga WS GTX hiking boots have a specific shape that was designed with an emphasis on the feminine shape of the foot. The upper part of the trekking shoes is made of durable suede leather and synthetic fabric, which increases breathability, effectively creating the right internal microclimate.

Outdoor shoes have a Gore-tex membrane that ensures dryness and protection in adverse weather. The toe of the forest boots is reinforced and reinforced with additional material for a higher level of toe protection. Trekking shoes are ideal companions for outdoor adventures, when tackling challenging hiking trails, including secured via ferrata routes.
