Description

Color kids children's jacket. The Dikson ski jacket impresses with its playful color appearance. The trendy design complements the excellent functionality of the windbreaker.

The winter jacket provides great comfort and, thanks to the waterproof and windproof material, protects the child in dry and frosty weather. The snow belt ensures that snow does not get inside the children's windbreaker. The winter jacket is ideal for skiing, sledding, and playing in the snow. Also great for everyday wear during the winter season.
