Description

Blizzard brand ski helmet. The black Guide helmet is characterized by ABS technology, which guarantees the durability and safety of the helmet. The accentuated front part of the helmet improves face protection. There is also comfortable padding.

The advantage of the helmet is the continuously adjustable tightening system. A ski helmet is an ideal choice for sports activities in winter.

Take [a functional cap](#) under your helmet , which has several advantages. For hygienic reasons, the helmet lining does not need to be washed so often, and for practical reasons it is another thermal insulation layer. The cap is designed so that you hardly feel it under the helmet.
