Description

Blizzard brand ski knee socks. The Allround model in black-grey-blue is designed for juniors. The knee socks are made of warm, soft material that wicks sweat away from the skin. They will keep your feet dry and comfortable.

ClimaWell prevents the growth of bacteria and fungi, thus helping to maintain the natural microclimate of the skin. Knee socks are intended for skiing and other sports activities.

Materials used:

ClimaWell: Polypropylene fiber with implemented silver ions. The silver in the fiber helps to prevent the unwanted growth of bacteria and fungi and thus helps to optimize the microclimate of the skin.

Polyamide: This is a soft and durable microfiber that strengthens the structure of the entire knit, ensures its long-term durability and at the same time maintains a pleasant touch

Material:

- 50% cotton, 20% polyamide, 10% polypropylene, 13% ClimaWell, 7% elastane
