**Available sizes**

**Reference number**

**Ean number**

**Quantity**

**Suggested retail price:** 34.99 € s DPH

### Description

Blizzard women's ski gloves. Viva Alight winter gloves in black are tastefully complemented by a silicone print of dots. The ski gloves were designed with an emphasis on high performance. The advantage is a waterproof membrane that will protect your hands from rain and wind.

Gloves for winter will ensure wearing comfort thanks to the lining. The polyester filling pleasantly warms you on cold days. A bonus is the leather palm, which does not slip, for example, when holding ski poles. The gloves are sufficiently breathable. Women's gloves are a great choice for snowboarding, skiing, winter sports and leisure activities.
