Description

Arena swimming goggles. The One Mask swimming goggles have a larger size. They are soft and very comfortable. Thanks to the extended peripheral vision, you will have an overview of everything that is happening in the water. Swimming goggles can be used in both indoor and outdoor pools. Arena swimming goggles have a one-piece seal. Branded glasses have a white-blue design.

The white-blue glasses have a split back strap for maximum comfort. They are easy to tighten, with which you can quickly adjust their size. Professional swimming goggles have a self-adjusting beam. Swimming goggles have hard polycarbonate lenses, which guarantee a great view underwater. Glass is an ideal solution for both indoor and outdoor use.
