

## Swimming goggles ARENA-THE ONE MIRROR

**Available sizes**

**Reference number**

**Ean number**

**Quantity**

**Suggested retail price:** 24.99 € s DPH

### Description

Arena swimming goggles. The ONE Mirror swimming goggles in black are the result of research on thousands of human faces and have a shape similar to the popular racing goggles Cobra Ultra. They guarantee extra comfort , wide peripheral vision and easy size adjustment using side buckles . Brand swimming goggles have a slightly larger size and are more suitable for men. Another benefit is the self-adjusting beam that fits every type of face.

Professional swimming goggles have hardened polycarbonate lenses that are resistant to scratches and damage. Polycarbonate glasses are a guarantee of protection against UV radiation and offer a wide view underwater. Their dark glasses are also suitable for outdoor and indoor pools. Arena swimming goggles are an excellent choice for training for both beginners and advanced swimmers. Suitable for triathlon.
