Description

Arena swimming goggles. New innovative glasses AIR SOFT with an "air" seal designed for ideal compression that adapts to the face. They significantly reduce the pressure on the eye socket and eliminate the pain caused by suction in sensitive areas. The glasses are ideal for training for both beginners and advanced swimmers.

Product details:

- light construction
- the seal with a special structure adheres firmly
- air seal
- bifurcated strap for easy adjustment
- UV protection
- hard polycarbonate glasses
- clear glasses suitable for indoor pools
